SV80

RRID:CVCL_0541

Type: Cell Line

Proper Citation

ATCC Cat# CRL-7725, RRID:CVCL_0541

Cell Line Information

URL: https://web.expasy.org/cellosaurus/CVCL_0541

Proper Citation: ATCC Cat# CRL-7725, RRID:CVCL_0541

Description: Cell line SV80 is a Transformed cell line with a species of origin Homo sapiens (Human)

Sex: Female

Defining Citation: [PMID:68015](#), [PMID:174085](#), [PMID:1260760](#), [PMID:4129832](#), [PMID:4288245](#), [PMID:4359949](#), [PMID:4370249](#), [PMID:6328024](#), [PMID:14086148](#)

Comments: Part of: Naval Biosciences Laboratory (NBL) collection (transferred to ATCC in 1982)., Problematic cell line: Probably misidentified. Said to originate from fibroblasts of the lung of a male black individual (CLS=300345), but in reality seems to be established from skin fibroblast of an adult female (strain A). Note that some papers have probably missassigned it to be from a Fanconi anemia patient..

Category: Transformed cell line

Organism: Homo sapiens (Human)

Name: SV80

Synonyms: SV-80, SV 80, SV-A clone 80, SV clone 80, Simian virus 80

Cross References: MCCL:MCC:0000442, ATCC:CRL-7725, CLS:300345, Wikidata:Q54970989

ID: CVCL_0541

Vendor: ATCC

Catalog Number: CRL-7725

Record Creation Time: 20220427T221614+0000

Record Last Update: 20260802T003742+0000

Ratings and Alerts

No rating or validation information has been found for SV80.

Warning: Problematic cell line: Probably misidentified. Said to originate from fibroblasts of the lung of a male black individual (CLS), but in reality seems to be established from skin fibroblast of an adult female (strain A). Note that some papers have probably missassigned it to be from a Fanconi anemia patient.
