Proper Citation: RRID:CVCL_V353

Description: Cell line HeLa Tet-On 3G is a Cancer cell line with a species of origin Homo sapiens (Human)

Sex: Female

Disease: Human papillomavirus-related endocervical adenocarcinoma

Comments: Characteristics: Transfected with reverse tetracycline-controlled transactivator (rtTA), a fusion between a mutated version of E.coli TetR and the activating domain of HSV-1 VP16., Population: African American.

Category: Cancer cell line

Organism: Homo sapiens (Human)

Name: HeLa Tet-On 3G

Cross References: Wikidata:Q54882681

ID: CVCL_V353

Hierarchy: cvcl_0030

Record Creation Time: 20220427T220332+0000

Record Last Update: 20260829T233653+0000

Ratings and Alerts

No rating or validation information has been found for HeLa Tet-On 3G.

No alerts have been found for HeLa Tet-On 3G.
