LAX antibody

RRID:AB_10722013

Type: Antibody

Proper Citation

GeneTex Cat# GTX88605, RRID:AB_10722013

Antibody Information

URL: http://antibodyregistry.org/AB_10722013

Proper Citation: GeneTex Cat# GTX88605, RRID:AB_10722013

Target Antigen: LAX antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: Preliminary experiments gave bands at approx. 100kDa and 26kDa in Human Tonsil lysates after 0.5µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the bands we observe given the calculated size of 44.1kDa according to NP_060243.2. Both detected bands were successfully blocked by incubation with the immunizing peptide (and BLAST results with the immunizing peptide sequence did not identify any other proteins to explain the additional bands). We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? This antibody is expected to recognise both reported isoforms. ELISA.; ELISA

Antibody Name: LAX antibody

Description: This polyclonal targets LAX antibody

Target Organism: human

Antibody ID: AB_10722013

Vendor: GeneTex

Catalog Number: GTX88605

Record Creation Time: 20231110T065846+0000

Ratings and Alerts

No rating or validation information has been found for LAX antibody.

Warning: Discontinued at GeneTex
