STAG3 (mouse) antibody

RRID:AB_10722068

Type: Antibody

Proper Citation

GeneTex Cat# GTX89072, RRID:AB_10722068

Antibody Information

URL: http://antibodyregistry.org/AB_10722068

Proper Citation: GeneTex Cat# GTX89072, RRID:AB_10722068

Target Antigen: STAG3 (mouse) antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: ELISA; Preliminary experiments gave an approx 30kDa band in Human Testis lysates after 0.5µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the band we observe given the calculated size of 141kDa according to NP_058660.2. The 30kDa band was successfully blocked by incubation with the immunizing peptide. We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? The immunizing peptide was designed based on the Mouse protein sequence with one residue of a difference from the human sequence. ELISA.

Antibody Name: STAG3 (mouse) antibody

Description: This polyclonal targets STAG3 (mouse) antibody

Target Organism: rat, mouse, human

Antibody ID: AB_10722068

Vendor: GeneTex

Catalog Number: GTX89072

Record Creation Time: 20231110T065846+0000

Record Last Update: 20260829T045041+0000

Ratings and Alerts

No rating or validation information has been found for STAG3 (mouse) antibody.

Warning: Discontinued at GeneTex
