ALMS1 antibody

RRID:AB_10723804

Type: Antibody

Proper Citation

GeneTex Cat# GTX89810, RRID:AB_10723804

Antibody Information

URL: http://antibodyregistry.org/AB_10723804

Proper Citation: GeneTex Cat# GTX89810, RRID:AB_10723804

Target Antigen: ALMS1 antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: ELISA; Immunohistochemistry; Preliminary experiments gave bands at approx 200kDa and 75kDa in lysates of Human T cell line Jurkat after 0.3µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the bands we observe given the calculated size of 461kDa according to NP_055935.3. Both detected bands were successfully blocked by incubation with the immunizing peptide (and BLAST results with the immunizing peptide sequence did not identify any other proteins to explain the additional bands). We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? In paraffin embedded Human Testis shows staining of cytoplasm in sp

Antibody Name: ALMS1 antibody

Description: This polyclonal targets ALMS1 antibody

Target Organism: rat, canine, cow, mouse, bovine, dog, human

Antibody ID: AB_10723804

Vendor: GeneTex

Catalog Number: GTX89810

Record Creation Time: 20231110T065810+0000

Record Last Update: 20260829T005546+0000

Ratings and Alerts

No rating or validation information has been found for ALMS1 antibody.

Warning: Discontinued at GeneTex
