GZMA antibody

RRID:AB_10724681

Type: Antibody

Proper Citation

GeneTex Cat# GTX88221, RRID:AB_10724681

Antibody Information

URL: http://antibodyregistry.org/AB_10724681

Proper Citation: GeneTex Cat# GTX88221, RRID:AB_10724681

Target Antigen: GZMA antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: ELISA; Preliminary experiments gave bands at approx 37kDa and 20kDa in lysates of cel line Jurkat after 2µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the bands we observe given the calculated size of 29.0kDa according to NP_006135.1. Both detected bands were successfully blocked by incubation with the immunizing peptide (and BLAST results with the immunizing peptide sequence did not identify any other proteins to explain the additional bands). We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? ELISA.

Antibody Name: GZMA antibody

Description: This polyclonal targets GZMA antibody

Target Organism: human

Antibody ID: AB_10724681

Vendor: GeneTex

Catalog Number: GTX88221

Record Creation Time: 20231110T065833+0000

Ratings and Alerts

No rating or validation information has been found for GZMA antibody.

Warning: Discontinued at GeneTex
