Anti-Bovine PKC Agarose

RRID:AB_2831510

Type: Antibody

Proper Citation

Leinco Technologies Cat# P110, RRID:AB_2831510

Antibody Information

URL: http://antibodyregistry.org/AB_2831510

Proper Citation: Leinco Technologies Cat# P110, RRID:AB_2831510

Target Antigen: Protein Kinase C

Host Organism: mouse

Clonality: monoclonal

Comments:

Info: Anti-Protein Kinase C (PKC) recognizes the intact (Mr 79-80 kDa) calcium-activated, phospholipid-dependent Protein Kinase C in bovine brain. The antibody strongly cross-reacts with PKC in human, mouse and rat cells.¹ Anti-PKC (clone MC5) binds to an epitope at the hinge region of the enzyme, the site of phorbol-ester-induced proteolysis which is thought to down-regulate PKC activity in intact cells.^{1,2} Monoclonal MC5 reacts with PKC- β 1/ β 2 isoforms.

Antibody Name: Anti-Bovine PKC Agarose

Description: This monoclonal targets Protein Kinase C

Target Organism: bovine

Clone ID: clone MC5

Antibody ID: AB_2831510

Vendor: Leinco Technologies

Catalog Number: P110

Record Creation Time: 20250819T225628+0000

Record Last Update: 20250820T034718+0000

Ratings and Alerts

No rating or validation information has been found for Anti-Bovine PKC Agarose.

No alerts have been found for Anti-Bovine PKC Agarose.
