Tyrosine kinase with Ig and EGF homology domains 2, TIE2, TEK, CD202b

RRID:AB_309820

Type: Antibody

Proper Citation

Millipore Cat# 05-584, RRID:AB_309820

Antibody Information

URL: http://antibodyregistry.org/AB_309820

Proper Citation: Millipore Cat# 05-584, RRID:AB_309820

Target Antigen: Fusion protein corresponding to residues 1-745 of human Tie2/TEK with a C-terminal His6-tag purified from infected SF-9 cells.

Host Organism: mouse

Clonality: monoclonal

Comments: Used By NYUIHC-765

Info: Independent validation by the NYU Lagone was performed for: IHC. This antibody was found to have the following characteristics: Functional in human:FALSE, NonFunctional in human:FALSE, Functional in animal:FALSE, NonFunctional in animal:FALSE

Antibody Name: Tyrosine kinase with Ig and EGF homology domains 2, TIE2, TEK, CD202b

Description: This monoclonal targets Fusion protein corresponding to residues 1-745 of human Tie2/TEK with a C-terminal His6-tag purified from infected SF-9 cells.

Clone ID: [Ab33]

Antibody ID: AB_309820

Vendor: Millipore

Catalog Number: 05-584

Record Creation Time: 20250820T022606+0000

Ratings and Alerts

- Independent validation by the NYU Lagone was performed for: IHC. This antibody was found to have the following characteristics: Functional in human:FALSE, NonFunctional in human:FALSE, Functional in animal:FALSE, NonFunctional in animal:FALSE - NYU Langone's Center for Biospecimen Research and Development <https://med.nyu.edu/research/scientific-cores-shared-resources/center-biospecimen-research-development>

No alerts have been found for Tyrosine kinase with Ig and EGF homology domains 2, TIE2, TEK, CD202b.
