## cN RAS [F155-227] antibody

RRID:AB_384288
Type: Antibody

### Proper Citation

GeneTex Cat# GTX13054, RRID:AB_384288

### Antibody Information

**URL:** http://antibodyregistry.org/AB_384288

**Proper Citation:** GeneTex Cat# GTX13054, RRID:AB_384288

**Target Antigen:** cN RAS [F155-227] antibody

**Host Organism:** mouse

**Clonality:** monoclonal

**Comments:** Discontinued; manufacturer recommendations: Immunoprecipitation; Immunohistochemistry; Immunohistochemistry - frozen; Immunohistochemistry - fixed; Western Blot; For IHC-P: Use at a concentration of 8 - 12 µg/ml. Anti-trp E may be used as a negative control. Paraffin sections will require treatment with saponin (0.05 in water, 30 min.) or pepsin (0.1 in 0.1N HCl, 10-20 min.) at room temperature. For IHC-Fr: Use at a concentration of 8 - 12 µg/ml. For IP: Use 5 µg per sample with 45 µl of Protein G-agarose. For WB: Use at a concentration of 1-10µg/ml. This concentration is recommended using a neuronal cell extract. Predicted molecular weight: 21 kDa. Not tested in other applications. Optimal dilutions/concentrations should be determined by the researcher., IHC-Fr, IHC-P, IP, WB, IHC (Frozen sections),

**Antibody Name:** cN RAS [F155-227] antibody

**Description:** This monoclonal targets cN RAS [F155-227] antibody

**Target Organism:** rat, mouse, human

**Antibody ID:** AB_384288

**Vendor:** GeneTex

**Catalog Number:** GTX13054

**Record Creation Time:** 20231110T081056+0000

**Record Last Update:** 20260829T150128+0000

## Ratings and Alerts

No rating or validation information has been found for cN RAS [F155-227] antibody.

Warning: Discontinued at GeneTex
