KGF antibody

RRID:AB_385513

Type: Antibody

Proper Citation

GeneTex Cat# GTX29598, RRID:AB_385513

Antibody Information

URL: http://antibodyregistry.org/AB_385513

Proper Citation: GeneTex Cat# GTX29598, RRID:AB_385513

Target Antigen: KGF antibody

Host Organism: rabbit

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: IgG; IgG ELISA, Western blot. ELISA:To detect KGF by direct ELISA (using 100µl/well antibody solution) a concentration of at least 2-3µg/ml of this antibody is required. This antigen affinity purified antibody, in conjunction with compatible secondary reagents, allows the detection of 0.2 - 0.4 ng/well of recombinant KGF. Western Blot:To detect KGF by Western Blot analysis this antibody can be used at a concentration of 0.5-1 µg/ml. Used in conjunction with compatible secondary reagents the detection limit for recombinant KGF is 1.5 - 3.0 ng/lane, under either reducing or non-reducing conditions.; ELISA; Western Blot; Block/Neutralize/Inhibit

Antibody Name: KGF antibody

Description: This polyclonal targets KGF antibody

Target Organism: human

Antibody ID: AB_385513

Vendor: GeneTex

Catalog Number: GTX29598

Record Creation Time: 20231110T081150+0000

Record Last Update: 20260901T043102+0000

Ratings and Alerts

No rating or validation information has been found for KGF antibody.

Warning: Discontinued at GeneTex
