Proper Citation: GeneTex Cat# GTX17280, RRID:AB_422674

Target Antigen: TNF alpha [AS3] antibody

Host Organism: mouse

Clonality: monoclonal

Comments: Discontinued; manufacturer recommendations: ELISA; Immunohistochemistry; Immunoprecipitation; ELISA: Use at an assay dependent dilution. This antibody has been used as a coating antibody at 5µg/ml in a two site ELISA with biotin conjugated TNF alpha antibody. Typically the ELISA has a working range of 0-10000 pg/ml and a sensitivity of 5 pg/ml with the appropriate standard. Recommended sample volumes are 25-200 µl. Recovery of human TNF alpha in human serum is typically >85 in the ELISA. IP: Use at an assay dependent dilution. This antibody has been used to immunoprecipitate >90 TNF alpha in solution using a double-antibody method (Midgley AR & Hepburn MR Use of the double-antibody method to separate antibody bound from free ligand in radioimmunoassay. Methods Enzymol 70:266-74 (1980). PubMed: 7421592). Not tested in o

Antibody Name: TNF alpha [AS3] antibody

Description: This monoclonal targets TNF alpha [AS3] antibody

Target Organism: human

Antibody ID: AB_422674

Vendor: GeneTex

Catalog Number: GTX17280

Record Creation Time: 20250819T204942+0000

Record Last Update: 20250819T205738+0000

Ratings and Alerts

No rating or validation information has been found for TNF alpha [AS3] antibody.

Warning: Discontinued at GeneTex
