UBR2 antibody

RRID:AB_10721296

Type: Antibody

Proper Citation

GeneTex Cat# GTX88286, RRID:AB_10721296

Antibody Information

URL: http://antibodyregistry.org/AB_10721296

Proper Citation: GeneTex Cat# GTX88286, RRID:AB_10721296

Target Antigen: UBR2 antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: ELISA; Preliminary experiments gave bands at approx 150kDa and 100kDa in Human Lung lysates after 1µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the bands we observe given the calculated size of 201kDa according to NP_056070.1. Both detected bands were successfully blocked by incubation with the immunizing peptide (and BLAST results with the immunizing peptide sequence did not identify any other proteins to explain the additional bands). We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? ELISA.

Antibody Name: UBR2 antibody

Description: This polyclonal targets UBR2 antibody

Target Organism: canine, cow, mouse, bovine, dog, human

Antibody ID: AB_10721296

Vendor: GeneTex

Catalog Number: GTX88286

Record Creation Time: 20231110T065852+0000

Ratings and Alerts

No rating or validation information has been found for UBR2 antibody.

Warning: Discontinued at GeneTex
