Adenosine A1 receptor antibody

RRID:AB_10725973

Type: Antibody

Proper Citation

GeneTex Cat# GTX88945, RRID:AB_10725973

Antibody Information

URL: http://antibodyregistry.org/AB_10725973

Proper Citation: GeneTex Cat# GTX88945, RRID:AB_10725973

Target Antigen: Adenosine A1 receptor antibody

Host Organism: goat

Clonality: polyclonal

Comments: Discontinued; manufacturer recommendations: Preliminary experiments gave bands at approx 30kDa and 20kDa in Human Brain (Cerebellum) lysates after 0.1µg/ml antibody staining. Please note that currently we cannot find an explanation in the literature for the bands we observe given the calculated size of 36.5kDa according to NP_000665.1 and NP_001041695.1. Both detected bands were successfully blocked by incubation with the immunizing peptide (and BLAST results with the immunizing peptide sequence did not identify any other proteins to explain the additional bands). We would appreciate any feedback from people in the field - have any results been reported with other antibodies/lysates? Have any further splice variants/modified forms been reported? Both reported isoforms represent identical protein (NP_000665.1; NP_001041695.1

Antibody Name: Adenosine A1 receptor antibody

Description: This polyclonal targets Adenosine A1 receptor antibody

Target Organism: rat, canine, mouse, dog, human

Antibody ID: AB_10725973

Vendor: GeneTex

Catalog Number: GTX88945

Record Creation Time: 20250820T010723+0000

Ratings and Alerts

No rating or validation information has been found for Adenosine A1 receptor antibody.

Warning: Discontinued at GeneTex
