[HA.PKD](#)

RRID:Addgene_10808

Type: Plasmid

Proper Citation

RRID:Addgene_10808

Plasmid Information

URL: <http://www.addgene.org/10808>

Proper Citation: RRID:Addgene_10808

Insert Name: PKD

Organism: Homo sapiens

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:12505989](#)

Vector Backbone Description: Backbone Marker:Invitrogen; Backbone Size:5446; Vector Backbone:pcDNA3; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: The HA tag on this plasmid contains a point mutation that renders it unrecognizable by the 3F10 HA antibody. It will work fine with the 12CA5 HA antibody. The PKD insert in this plasmid contains a L520P mutation when compared to GenBank reference sequence NP_002733.1. Although the effect of this mutation is unknown, this is the exact plasmid used in the associated publication and it should function as described.

Plasmid Name: HA.PKD

Relevant Mutation: L520P

Record Creation Time: 20220422T221524+0000

Record Last Update: 20260815T080116+0000

Ratings and Alerts

No rating or validation information has been found for HA.PKD.

No alerts have been found for HA.PKD.

Data and Source Information
