pKM464 (deletions)

RRID:Addgene_108322

Type: Plasmid

Proper Citation

RRID:Addgene_108322

Plasmid Information

URL: <http://www.addgene.org/108322>

Proper Citation: RRID:Addgene_108322

Insert Name: Bxb1 attB site

Organism: Synthetic

Bacterial Resistance: Chloramphenicol

Defining Citation: [PMID:30538179](#)

Vector Backbone Description: Backbone Marker:Kenan Murphy; Vector Backbone:pKM435; Vector Types:ORBIT integration plasmid for creating knockouts of target genes; Bacterial Resistance:Chloramphenicol

Comments: ORBIT integrating plasmid for creating knockouts of target genes. Strain should be grown in 20 ug/ml chloramphenicol for isolation of plasmid. Yields with Qiagen miniprep kits are typically in the range from 60-90 ug/ml from 5 ml culture.

Plasmid Name: pKM464 (deletions)

Record Creation Time: 20220422T221525+0000

Record Last Update: 20260815T080119+0000

Ratings and Alerts

No rating or validation information has been found for pKM464 (deletions).

No alerts have been found for pKM464 (deletions).
