[pMH-Cas9-gate](#)

RRID:Addgene_113742

Type: Plasmid

Proper Citation

RRID:Addgene_113742

Plasmid Information

URL: <http://www.addgene.org/113742>

Proper Citation: RRID:Addgene_113742

Insert Name: Cas9

Organism: S. pyogenes, Z. mays

Bacterial Resistance: Chloramphenicol and Ampicillin

Defining Citation: [PMID:31523744](#)

Vector Backbone Description: Backbone Marker:Promega; Vector Backbone:pGEM-T easy; Vector Types:CRISPR, Gateway Cloning; Bacterial Resistance:Chloramphenicol and Ampicillin

Comments: Also has hygromycinR driven by 35S promoter. We are not sure of the backbone -- it came from a plasmid that was made many many years ago. It aligns well with pGEM-T Easy (which a lot of our plasmids are based on) so if we had to guess, we would say the backbone is pGEM-T Easy.

Plasmid Name: pMH-Cas9-gate

Record Creation Time: 20220422T221555+0000

Record Last Update: 20260815T080214+0000

Ratings and Alerts

No rating or validation information has been found for pMH-Cas9-gate.

No alerts have been found for pMH-Cas9-gate.
