FLAG-Foxo1(pCMV5)

RRID:Addgene_12148

Type: Plasmid

Proper Citation

RRID:Addgene_12148

Plasmid Information

URL: <http://www.addgene.org/12148>

Proper Citation: RRID:Addgene_12148

Insert Name: Foxo1

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:16154098](#)

Vector Backbone Description: Backbone Size:4700; Vector Backbone:pCMV5; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: Note that a BLAST search with Addgene's quality control sequence shows a K219R mutation. The Accili lab has explained that this is a common variant and they do not consider it a mutation at all. They have used the plasmid routinely without issue. The plasmid also contains an L619P polymorphism.

Plasmid Name: FLAG-Foxo1(pCMV5)

Record Creation Time: 20220422T221636+0000

Record Last Update: 20260815T080335+0000

Ratings and Alerts

No rating or validation information has been found for FLAG-Foxo1(pCMV5).

No alerts have been found for FLAG-Foxo1(pCMV5).

Data and Source Information

Usage and Citation Metrics

We found 13 mentions in open access literature.

Listed below are recent publications. The full list is available at [RRID](#) .
