pH6HTC_ENO1-Halo

RRID:Addgene_175330

Type: Plasmid

Proper Citation

RRID:Addgene_175330

Plasmid Information

URL: <http://www.addgene.org/175330>

Proper Citation: RRID:Addgene_175330

Insert Name: ENO1

Organism: Homo sapiens

Bacterial Resistance: Ampicillin

Vector Backbone Description: Vector Backbone:pH6HTC_minus_cer-region; Vector Types:Bacterial Expression, Cell Free Expression; Bacterial Resistance:Ampicillin

Comments: Please note in Addgene's NGS result identified a single ambiguous base in the insert adjacent to the TEV site. This base is a mixed population of A (48.4%) and G (51.2%). If it is an A the amino acid changes from G to E. Depositor confirmed this mutation does not affect plasmid function. Please visit <https://doi.org/10.1101/2021.11.08.467743> for bioRxiv preprint.

Plasmid Name: pH6HTC_ENO1-Halo

Record Creation Time: 20220422T222013+0000

Record Last Update: 20260815T081049+0000

Ratings and Alerts

No rating or validation information has been found for pH6HTC_ENO1-Halo.

No alerts have been found for pH6HTC_ENO1-Halo.
