pWZL Blast Twist ER

RRID:Addgene_18799

Type: Plasmid

Proper Citation

RRID:Addgene_18799

Plasmid Information

URL: <http://www.addgene.org/18799>

Proper Citation: RRID:Addgene_18799

Insert Name: twist

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:18485877](#)

Vector Backbone Description: Backbone Size:5100; Vector Backbone:pWZL-Blast; Vector Types:Mammalian Expression, Retroviral; Bacterial Resistance:Ampicillin

Comments: pWZL-Blast-Twist-ER was generated by replacing the MYC cDNA of pWZL-Blast-DN-MycER (Littlewood et al., 1995; Watnick et al., 2003) with the mTwist cDNA PCR amplified from pBp-mTwist.

Plasmid Name: pWZL Blast Twist ER

Relevant Mutation: G525R mutation in the ER. The presence of the G525R point mutation in the cloned ER sequence abrogates its binding to 17 β -estradiol while keeping its full sensitivity to the synthetic ligand 4'-hydroxytamoxifen (4OHT)

Record Creation Time: 20220422T222042+0000

Record Last Update: 20260829T080137+0000

Ratings and Alerts

No rating or validation information has been found for pWZL Blast Twist ER.

No alerts have been found for pWZL Blast Twist ER.
