pCDNA3.1-Myoferlin HA

RRID:Addgene_22443

Type: Plasmid

Proper Citation

RRID:Addgene_22443

Plasmid Information

URL: <http://www.addgene.org/22443>

Proper Citation: RRID:Addgene_22443

Insert Name: Myoferlin

Organism: Homo sapiens

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:17702744](https://pubmed.ncbi.nlm.nih.gov/17702744)

Vector Backbone Description: Backbone Marker:Invitrogen; Backbone Size:5467; Vector Backbone:pcDNA3.1(-); Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: Please note that the myoferlin insert in this plasmid contains K110R, K605R and I1821V mutations when compared to GenBank reference sequence AF182316. It is not known if these are polymorphisms or PCR artifacts. The source of the human myoferlin gene used in this plasmid is described in the following publication: <https://www.ncbi.nlm.nih.gov/pubmed/17702744>

Plasmid Name: pCDNA3.1-Myoferlin HA

Record Creation Time: 20220422T222059+0000

Record Last Update: 20260829T080216+0000

Ratings and Alerts

No rating or validation information has been found for pCDNA3.1-Myoferlin HA.

No alerts have been found for pCDNA3.1-Myoferlin HA.

Data and Source Information
