[pGEM-3z/603](#)

RRID:Addgene_26658

Type: Plasmid

Proper Citation

RRID:Addgene_26658

Plasmid Information

URL: <http://www.addgene.org/26658>

Proper Citation: RRID:Addgene_26658

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:9514715](#)

Vector Backbone Description: Backbone Marker:Promega; Backbone Size:2743; Vector Backbone:pGEM-3Z; Vector Types:Bacterial Expression; Bacterial Resistance:Ampicillin

Comments: This plasmid contains a 147 bp nucleosome positioning sequence and is referred to as clone"603". Please note that there may be discrepancies between Addgene's sequencing results and the depositor's sequence. Potential discrepancies are not a concern according to the depositing scientist because the clones were selected for their ability to bind to histone octamer, not for their specific sequence.

Plasmid Name: pGEM-3z/603

Record Creation Time: 20220422T222119+0000

Record Last Update: 20260829T080309+0000

Ratings and Alerts

No rating or validation information has been found for pGEM-3z/603.

No alerts have been found for pGEM-3z/603.
