mouse deltaPE Oct4-GFP transgenic reporter

RRID:Addgene_52382

Type: Plasmid

Proper Citation

RRID:Addgene_52382

Plasmid Information

URL: <http://www.addgene.org/52382>

Proper Citation: RRID:Addgene_52382

Insert Name: GFP pA

Organism: Synthetic

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:24172903](#)

Vector Backbone Description: Backbone Size:3000; Vector Backbone:pBS KS+; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: This construct is modified pGOF18 from Young Young Il Yeom et al., Development 122, 000-000 (1996) 881. We have introduced neo selection cassette at the 3' end of the cloned Oct4 locus. Please note that there are several mismatches in between Addgene's quality control and the depositor's sequence. The mismatches do NOT affect plasmid function.

Plasmid Name: mouse deltaPE Oct4-GFP transgenic reporter

Record Creation Time: 20220422T222308+0000

Record Last Update: 20260815T081623+0000

Ratings and Alerts

No rating or validation information has been found for mouse deltaPE Oct4-GFP transgenic reporter.

No alerts have been found for mouse deltaPE Oct4-GFP transgenic reporter.

Data and Source Information
