RRID:Addgene_62076

Type: Plasmid

Proper Citation

RRID:Addgene_62076

Plasmid Information

URL: <http://www.addgene.org/62076>

Proper Citation: RRID:Addgene_62076

Insert Name: none

Bacterial Resistance: None

Defining Citation: [PMID:26577727](#)

Vector Backbone Description: Vector Backbone:none; Vector Types:; Bacterial Resistance:None

Comments: Genotype = lysA Precursor strain = BL21 CodonPlus (DE3)-RIL Selective amino acid labeling (and/or requirement) = Lys Each target gene was deleted from the chromosome of BL21 (DE3) E. coli strain using ??-Red recombination system. Supplemental documents contain a list of PCR primers used for verification of each knocked-out gene as well as an image showing PCR results for this strain. This work is supported in part by JSPS-NSF International Collaborations in Chemistry (ICC) research grant.

Plasmid Name: RF10

Record Creation Time: 20220422T222355+0000

Record Last Update: 20260815T081749+0000

Ratings and Alerts

No rating or validation information has been found for RF10.

No alerts have been found for RF10.
