Human ICAM-1

RRID:Addgene_8632

Type: Plasmid

Proper Citation

RRID:Addgene_8632

Plasmid Information

URL: <http://www.addgene.org/8632>

Proper Citation: RRID:Addgene_8632

Insert Name: ICAM-1

Organism: Homo sapiens

Bacterial Resistance: Ampicillin and Tetracycline

Defining Citation: [PMID:3349522](#)

Vector Backbone Description: Backbone Marker:BCCM/LMBP; Backbone Size:4356; Vector Backbone:pCDM8; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin and Tetracycline

Comments: This clone will direct the expression of functional human ICAM-1 in a variety of cell types. This sequence has been deposited in Genbank with accession number J03132. Also see refs: Nature 329, 840-842 (1987) and Nature 339, 61-64 (1989) Please use either GenBank IDs NM_000201.1 or J03132.1 as a refence sequence for the ICAM-1 insert in this plasmid. GenBank ID NM_000201.2 (updated after this plasmid was created) is not accurate for comparison.

Plasmid Name: Human ICAM-1

Record Creation Time: 20220422T222555+0000

Record Last Update: 20260815T082133+0000

Ratings and Alerts

No rating or validation information has been found for Human ICAM-1.

No alerts have been found for Human ICAM-1.
