## pSV Sport SREBP-1c

RRID:Addgene\_8883

Type: Plasmid

### Proper Citation

RRID:Addgene\_8883

### Plasmid Information

**URL:** <http://www.addgene.org/8883>

**Proper Citation:** RRID:Addgene\_8883

**Insert Name:** SREBP-1c

**Organism:** Mus musculus

**Bacterial Resistance:** Ampicillin

**Defining Citation:** [PMID:8336713](#)

**Vector Backbone Description:** Backbone Marker:Invitrogen; Backbone Size:3160; Vector Backbone:pSV-Sport; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

**Comments:** Note that this is a mouse SREBP-1c, while the paper reference is a rat SREBP-1c. SREBP-1c differs from SREBP1a over amino acids 3-5 and contains a deletion of amino acids 6-29. See Figure 1c of the associated publication for more information. Addgene's sequencing results identified a deletion of aa90-131 of SREBP1c compared to GenBank sequence NP\_035610.1.

**Plasmid Name:** pSV Sport SREBP-1c

**Relevant Mutation:** Active version of SREBP-1c.

**Record Creation Time:** 20220422T222605+0000

**Record Last Update:** 20260815T082152+0000

### Ratings and Alerts

No rating or validation information has been found for pSV Sport SREBP-1c.

No alerts have been found for pSV Sport SREBP-1c.
