pCW57.1 N-term GFP tTA

RRID:Addgene_107551

Type: Plasmid

Proper Citation

RRID:Addgene_107551

Plasmid Information

URL: <http://www.addgene.org/107551>

Proper Citation: RRID:Addgene_107551

Bacterial Resistance: Ampicillin

Vector Backbone Description: Backbone Marker:David Root; Backbone Size:8234; Vector Backbone:pCW57.1; Vector Types:Mammalian Expression, Lentiviral; Bacterial Resistance:Ampicillin

Comments: GFP can be used as an N-terminal tag, but the GFP can also be eliminated and used as a 'dropout' for cloning into the vector. NheI can be used to drop the GFP, and Sall can be used to keep GFP as an N-terminal tag. Its quite useful to have GFP as a tag as it can be used for localization, immunoprecipitation, and for Western Blotting.

Plasmid Name: pCW57.1 N-term GFP tTA

Record Creation Time: 20220422T221521+0000

Record Last Update: 20260815T080111+0000

Ratings and Alerts

No rating or validation information has been found for pCW57.1 N-term GFP tTA.

No alerts have been found for pCW57.1 N-term GFP tTA.

Data and Source Information
