pLNCX Myr His p110

RRID:Addgene_10836

Type: Plasmid

Proper Citation

RRID:Addgene_10836

Plasmid Information

URL: <http://www.addgene.org/10836>

Proper Citation: RRID:Addgene_10836

Insert Name: p110

Organism: Bos taurus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:10860837](#)

Vector Backbone Description: Backbone Marker:BD Biosciences; Backbone Size:6620; Vector Backbone:pLNCX; Vector Types:Mammalian Expression, Retroviral; Bacterial Resistance:Ampicillin

Comments: A pair of overlapping oligomers were synthesized based on the c-src myristoylation signal peptide sequence. A Kozak sequence was engineered at the 5' of the c-src myristoylation signal sequence (MetGly-Ser-Ser-Lys-Ser-Lys-Pro-Lys-Asp-Pro-Ser-Gln-Arg-Arg-Arg-Arg-Ile-Arg-Thr). The fragment was ligated to the 5' end of bovine p110 sequence and cloned into a retroviral expression vector (pLNCX) by a three piece ligation reaction. A 6 histidine tag was incorporated on the 3' end of p110 by PCR.

Plasmid Name: pLNCX Myr His p110

Record Creation Time: 20220422T221525+0000

Record Last Update: 20260815T080119+0000

Ratings and Alerts

No rating or validation information has been found for pLNCX Myr His p110.

No alerts have been found for pLNCX Myr His p110.
