Hmga2 3'UTR wt luciferase (Luc-wt)

RRID:Addgene_14785

Type: Plasmid

Proper Citation

RRID:Addgene_14785

Plasmid Information

URL: <http://www.addgene.org/14785>

Proper Citation: RRID:Addgene_14785

Insert Name: Luc-wt

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:17322030](#)

Vector Backbone Description: Backbone Marker:Available from Addgene (#12179); Backbone Size:4000; Vector Backbone:pIS1; Vector Types:Mammalian Expression, Luciferase; Bacterial Resistance:Ampicillin

Comments: The 3' UTR of the mouse Hmga2 cDNA (BC052158) was subcloned into pCR2.1-TOPO (Invitrogen) for site-directed mutagenesis. To disrupt each let-7 complementary site, the nucleotides that paired to nucleotides 3 and 5 of the miRNA were substituted (see Author's map), using the Quikchange site-directed mutagenesis kit (Stratagene). To construct the Renilla luciferase reporters, wild-type and mutant Hmga2 3' UTRs were amplified (PCR primers, 5'-GCGTCTCGAGGGGCGCCGACATTC and 5'GGCGCGGCCGCGAGTCAGAGGGGCACAC) and cloned into the XbaI and NotI sites of pIS1.

Plasmid Name: Hmga2 3'UTR wt luciferase (Luc-wt)

Record Creation Time: 20220422T221825+0000

Record Last Update: 20260815T080707+0000

Ratings and Alerts

No rating or validation information has been found for Hmga2 3'UTR wt luciferase (Luc-wt).

No alerts have been found for Hmga2 3'UTR wt luciferase (Luc-wt).

Data and Source Information
