[pMT_025](#)

RRID:Addgene_158579

Type: Plasmid

Proper Citation

RRID:Addgene_158579

Plasmid Information

URL: <http://www.addgene.org/158579>

Proper Citation: RRID:Addgene_158579

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:33606977](#)

Vector Backbone Description: Vector Backbone:pMT; Vector Types:Mammalian Expression, Lentiviral; Bacterial Resistance:Ampicillin

Comments: For questions regarding use of this plasmid, please contact David Root. Please visit <https://www.biorxiv.org/content/10.1101/2020.05.17.100818v1> for bioRxiv preprint.

Plasmid Name: pMT_025

Record Creation Time: 20220422T221859+0000

Record Last Update: 20260815T080818+0000

Ratings and Alerts

No rating or validation information has been found for pMT_025.

No alerts have been found for pMT_025.

Data and Source Information

Source: [Addgene](#)

Usage and Citation Metrics

We found 7 mentions in open access literature.

Listed below are recent publications. The full list is available at [RRID](#) .

Zimmerman SP, et al. (2026) Fusion-positive rhabdomyosarcoma oncofusions share a common interactome. Nature communications, 17(1).

Pormehr LA, et al. (2025) Higher throughput assays for understanding the pathogenicity of variants of unknown significance (VUS) in the RPE65 gene. bioRxiv : the preprint server for biology.

Azizzadeh Pormehr L, et al. (2025) Higher Throughput Assays for Understanding the Pathogenicity of Variants of Unknown Significance in the RPE65 Gene. Investigative ophthalmology & visual science, 66(13), 10.

Manian KV, et al. (2025) A comprehensive map of missense trafficking variants in rhodopsin and their response to pharmacologic correction. bioRxiv : the preprint server for biology.

Hayes TK, et al. (2024) Comprehensive mutational scanning of EGFR reveals TKI sensitivities of extracellular domain mutants. Nature communications, 15(1), 2742.
