pCMV-Neo-Bam p53 wt

RRID:Addgene_16434

Type: Plasmid

Proper Citation

RRID:Addgene_16434

Plasmid Information

URL: <http://www.addgene.org/16434>

Proper Citation: RRID:Addgene_16434

Insert Name: p53

Organism: Homo sapiens

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:2144057](#)

Vector Backbone Description: Backbone Marker:Vogelstein Lab; Backbone Size:6600; Vector Backbone:pCMV-Neo-Bam; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: A 1.8kb XbaI fragment encoding wild-type p53 (from nucleotide -130 to 1671 relative to the ATG) was blunt-ended and ligated to BamHI linkers. This was then cloned into the unique BamHI site in the pCMV-Neo-Bam vector. This plasmid is also known as pC53-SN3.

Plasmid Name: pCMV-Neo-Bam p53 wt

Record Creation Time: 20220422T221928+0000

Record Last Update: 20260815T080920+0000

Ratings and Alerts

No rating or validation information has been found for pCMV-Neo-Bam p53 wt.

No alerts have been found for pCMV-Neo-Bam p53 wt.

Data and Source Information

Usage and Citation Metrics

We found 38 mentions in open access literature.

Listed below are recent publications. The full list is available at [RRID](#) .
