pHIV-Wnt1HA

RRID:Addgene_18983
Type: Plasmid

Proper Citation

RRID:Addgene_18983

Plasmid Information

URL: http://www.addgene.org/18983

Proper Citation: RRID:Addgene_18983

Insert Name: wingless-related MMTV integration site 1

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: PMID:18371425

Vector Backbone Description: Backbone Size:7664; Vector Backbone:HIV-Zsgreen; Vector Types:Mammalian Expression, Lentiviral; Bacterial Resistance:Ampicillin

Comments: The Wnt1HA insert was cloned into the XbaI site of HIV-Zsgreen in order to generate a bicistronic lentivirus that coexpresses Wnt1HA with Zsgreen under the control of the EF1alpha promoter. Gerrit Dijkgraaf in Zena Werb's lab cloned this virus.

Plasmid Name: pHIV-Wnt1HA

Record Creation Time: 20220422T222043+0000

Record Last Update: 20260815T081141+0000

Ratings and Alerts

No rating or validation information has been found for pHIV-Wnt1HA.

No alerts have been found for pHIV-Wnt1HA.

Data and Source Information

Source: Addgene

Usage and Citation Metrics

We found 2 mentions in open access literature.

Listed below are recent publications. The full list is available at RRID .
