pLenti CMVtight Hygro DEST (w769-1)

RRID:Addgene_26433

Type: Plasmid

Proper Citation

RRID:Addgene_26433

Plasmid Information

URL: <http://www.addgene.org/26433>

Proper Citation: RRID:Addgene_26433

Insert Name: no insert

Bacterial Resistance: Chloramphenicol and Ampicillin

Vector Backbone Description: Backbone Size:10104; Vector Backbone:p156RRL-sinPPT-CMV-GFP-PRE/Nhe I; Vector Types:Mammalian Expression, Lentiviral, Tet-On Advanced Destination vector; Bacterial Resistance:Chloramphenicol and Ampicillin

Comments: Need to be transduced in a Tet-On advanced cell line in order to obtain expression of the GOI. There are a few mismatches between Addgene's sequence and Dr Campeau's sequence. The sequence differences do not affect plasmid function. Addgene found this plasmid to be extremely slow growing.

Plasmid Name: pLenti CMVtight Hygro DEST (w769-1)

Record Creation Time: 20220422T222118+0000

Record Last Update: 20260815T081252+0000

Ratings and Alerts

No rating or validation information has been found for pLenti CMVtight Hygro DEST (w769-1).

No alerts have been found for pLenti CMVtight Hygro DEST (w769-1).

Data and Source Information
