pHAGE-CMV-Rheb(S16H)-IRES-eGFP-W

RRID:Addgene_32520

Type: Plasmid

Proper Citation

RRID:Addgene_32520

Plasmid Information

URL: <http://www.addgene.org/32520>

Proper Citation: RRID:Addgene_32520

Insert Name: Constitutively active Rheb (S16H)

Organism: Rattus norvegicus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:20062052](#)

Vector Backbone Description: Backbone Marker:Addgene plasmid #32519; Vector Backbone:pHAGE-CMV-Rheb-IRES-eGFP-W; Vector Types:Mammalian Expression, Lentiviral; Bacterial Resistance:Ampicillin

Comments: The constitutively activating S16H mutation was introduced to pHAGE-CMV-Rheb-IRES-eGFP-W (Addgene plasmid #32519) by site directed mutagenesis. The original pHAGE-CMV-IRES lentiviral vector is from Dr Richard C. Mulligan at Harvard (Mostoslavsky G et al., 2005).

Plasmid Name: pHAGE-CMV-Rheb(S16H)-IRES-eGFP-W

Relevant Mutation: S16H to make constitutively active

Record Creation Time: 20220422T222141+0000

Record Last Update: 20260815T081342+0000

Ratings and Alerts

No rating or validation information has been found for pHAGE-CMV-Rheb(S16H)-IRES-eGFP-W.

No alerts have been found for pHAGE-CMV-Rheb(S16H)-IRES-eGFP-W.
