pHHSDKXK (#19)

RRID:Addgene_35964

Type: Plasmid

Proper Citation

RRID:Addgene_35964

Plasmid Information

URL: <http://www.addgene.org/35964>

Proper Citation: RRID:Addgene_35964

Insert Name: Tie2 promoter

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:9096345](#)

Vector Backbone Description: Backbone Marker:Stratagene; Backbone Size:3000; Vector Backbone:pBluescriptII SK (+); Vector Types;; Bacterial Resistance:Ampicillin

Comments: Positive control DNA where LacZ is expressed under the control of Tie2 promoter and minimum enhancer fragment. This plasmid is unstable in bacteria. The depositing laboratory recommends performing minipreps, as larger scale preps tend to result in recombination. To verify the plasmid, perform separate digests with KpnI and HindIII. KpnI should produce two bands at approximately 7kb and 3kb. HindIII should produce two bands at approximately 8kb and 2kb. See Addgene's diagnostic digest as an example.

Plasmid Name: pHHSDKXK (#19)

Record Creation Time: 20220422T222153+0000

Record Last Update: 20260815T081408+0000

Ratings and Alerts

No rating or validation information has been found for pHHSDKXK (#19).

No alerts have been found for pHHSDKXK (#19).
