Bcr del PK

RRID:Addgene_36422

Type: Plasmid

Proper Citation

RRID:Addgene_36422

Plasmid Information

URL: <http://www.addgene.org/36422>

Proper Citation: RRID:Addgene_36422

Insert Name: BCR

Organism: Homo sapiens

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:19840940](#)

Vector Backbone Description: Backbone Marker:p CD from Paul Berg; Backbone Size:3000; Vector Backbone:pCDE; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: Construct includes 5' untranslated sequences, and the first 39 aminoacids including a small part of the N-terminal oligomerization domain. The deletion was generated by ligation of a Stu I site in BCR exon 1 to a downstream Nae I site. The construct lacks the ST kinase domain. Vector is a derivative of pCD with a multiple cloning site included. Has SV-40 origin of replication for high yield expression in COS-1 cells. Also see Yi et al 2009. Constructed by Vesa Kaartinen.

Plasmid Name: Bcr del PK

Relevant Mutation: deletion of residues 40-447

Record Creation Time: 20220422T222155+0000

Record Last Update: 20260815T081408+0000

Ratings and Alerts

No rating or validation information has been found for Bcr del PK.
