pcDNA3-Nrxn1beta AS4(-)-Fc

RRID:Addgene_59313

Type: Plasmid

Proper Citation

RRID:Addgene_59313

Plasmid Information

URL: <http://www.addgene.org/59313>

Proper Citation: RRID:Addgene_59313

Insert Name: Nrxn1beta AS4(-)-Fc fusion

Organism: Mus musculus

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:10892652](#)

Vector Backbone Description: Backbone Size:5381; Vector Backbone:pcDNA3; Vector Types:Mammalian Expression; Bacterial Resistance:Ampicillin

Comments: Fc-portion contains intronic sequences which improve expression. See map & sequence file for insert-releasing enzymes (e.g. HindIII / BglII for untagged Nrxn1beta, and HindIII / XhoI for Nrxn1beta-FC-fusion). The Nrxn 1 beta variant encoded by this plasmid is AS4(-), meaning exon 21 constituting alternatively spliced segment 4 (AS4) (=ENSMUSE00001309616) is absent / skipped.

Plasmid Name: pcDNA3-Nrxn1beta AS4(-)-Fc

Record Creation Time: 20220422T222342+0000

Record Last Update: 20260815T081722+0000

Ratings and Alerts

No rating or validation information has been found for pcDNA3-Nrxn1beta AS4(-)-Fc.

No alerts have been found for pcDNA3-Nrxn1beta AS4(-)-Fc.
