pET21-Flavidin

RRID:Addgene_89881

Type: Plasmid

Proper Citation

RRID:Addgene_89881

Plasmid Information

URL: <http://www.addgene.org/89881>

Proper Citation: RRID:Addgene_89881

Insert Name: Streptavidin-K80R-K121R-K132R-K134R-Glutamate_Tag

Organism: E. coli

Bacterial Resistance: Ampicillin

Defining Citation: [PMID:28757182](#)

Vector Backbone Description: Backbone Marker:Novagen; Backbone Size:5400; Vector Backbone:pET21; Vector Types:Bacterial Expression; Bacterial Resistance:Ampicillin

Comments: The residue numbering is based 1986 paper from Charles Cantor: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC339579> (see Figure 3) In the original sequence, there is a signal peptide and N-terminal sequence that are proteolytically processed. Thus, the most common version is Core Streptavidin, which starts at residue 13 and ends at residue 139, as shown here: <http://www.jbc.org/content/270/47/28204.long> (see Figure 1)

Plasmid Name: pET21-Flavidin

Relevant Mutation: K80R, K121R, K132R, K134R

Record Creation Time: 20220422T222610+0000

Record Last Update: 20260815T082201+0000

Ratings and Alerts

No rating or validation information has been found for pET21-Flavidin.

No alerts have been found for pET21-Flavidin.
