Proper Citation: Boston University Alzheimer's Disease Center Neuropathology Core Facility (RRID:SCR_000513)

Description: The Neuropathology Core leads neuropathological analyses of brains donated by research registry participants of the Boston University Alzheimer's Disease Center. The Core works with the Clinical Core to carry out the Brain Tissue Donation Program, which provides brain tissue for analyses that will help to understand the underlying pathology of AD. The Core also works closely with the Data Management and Statistics Core to maintain a comprehensive computerized database of information resulting from neuropathological analyses. The Boston University Brain Bank of the Neuropathology Core documents neuropathological findings of Center research registry participants, but also of brain donors from important related BUSM studies such as the Framingham Heart Study and the Centenarian Study.

Synonyms: Boston University Alzheimer's Disease Center - Neuropathology, BU ADC Neuropathology, BU ADC Neuropathology Core, BU Alzheimer's Disease Center - Neuropathology, Boston University Alzheimer's Disease Center - Neuropathology Core

Resource Type: tissue bank, biomaterial supply resource, material resource, brain bank

Keywords: alzheimers disease, brain tissue, clinical data, brain bank, database, material storage repository, core facility

Related Condition: Alzheimer's disease

Funding: National Institute on Aging

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Boston University Alzheimer's Disease Center Neuropathology Core Facility

Resource ID: SCR_000513

Alternate IDs: nlx_33878

Record Creation Time: 20220129T080202+0000

Record Last Update: 20260804T043104+0000

Ratings and Alerts

No rating or validation information has been found for Boston University Alzheimer's Disease Center Neuropathology Core Facility.

No alerts have been found for Boston University Alzheimer's Disease Center Neuropathology Core Facility.
