Description: A French government-funded technological research organization and ensures that the nuclear deterrent remains effective in the future. A prominent player in the European Research Area, it is involved in setting up collaborative projects with many partners around the world. The CEA is active in four main areas: low-carbon energies, defense and security, information technologies and health technologies. In each of these fields, the CEA maintains a cross-disciplinary culture of engineers and researchers, building on the synergies between fundamental and technological research.

Abbreviations: CEA

Synonyms: Commissariat ?? l'??nergie Atomique, Commissariat a l'Energie Atomique et aux Energies Alternatives, French Alternative Energies and Atomic Energy Commission, Commissariat a l'Energie Atomique, Commissariat ?? l'??nergie atomique et aux ??nergies alternatives
