Proper Citation: Diabetes Research in Children Network (RRID:SCR_001512)

Description: Network of clinical centers and a coordinating center that investigate the potential use of glucose monitoring technology and its impact on the management of type 1 diabetes in children. Specific goals for the network include the following: * Assess the accuracy of continuous monitoring devices in order to determine if these devices are useful in improving glycemic control and preventing hypoglycemia in children with T1DM. * Determine the optimal utilization of continuous glucose monitors in the management of T1DM in children. * Assess the impact of continuous glucose monitoring on quality of life for the child and family. * Develop tools for the child and parents to use for incorporating continuous glucose monitors into diabetes self-management. * To assess possible changes in neurocognitive function and how it relates to frequency of hypoglycemia in young children with type 1 diabetes. * Evaluate and develop distinct, age-appropriate treatment approaches to T1DM in children. * Use continuous glucose monitoring to characterize the glycemic profile of nondiabetic children. * Develop statistical methods for the analysis of continuous glucose monitoring data. Closed and active studies are listed along with the associated protocols, public datasets, and publications.

Abbreviations: DirecNet

Synonyms: Diabetes Research in Children Network, Diabetes Research in Children Network (DirecNet)

Resource Type: data or information resource, data set, topical portal, slide, bibliography, research forum portal, clinical trial, portal, disease-related portal

Keywords: child, experimental protocol, monitoring device, glycemic control, hypoglycemia, glucose monitor, quality of life, neurocognitive function, treatment, glycemic profile, nondiabetic, young human

Related Condition: Type 1 diabetes, Diabetes

Funding: NICHD U10HD056526

Availability: Public, Registration required, To download datasets

Resource Name: Diabetes Research in Children Network

Resource ID: SCR_001512

Alternate IDs: nlx_152814

Old URLs: <http://public.direc.net/>

Record Creation Time: 20220129T080208+0000

Record Last Update: 20260808T042513+0000

Ratings and Alerts

No rating or validation information has been found for Diabetes Research in Children Network.

No alerts have been found for Diabetes Research in Children Network.
