Proper Citation: ClinicalTrials.gov (RRID:SCR_002309)

Description: Registry and results database of federally and privately supported clinical trials conducted in United States and around world. Provides information about purpose of trial, who may participate, locations, and phone numbers for more details. This information should be used in conjunction with advice from health care professionals. Offers information for locating federally and privately supported clinical trials for wide range of diseases and conditions. Research study in human volunteers to answer specific health questions. Interventional trials determine whether experimental treatments or new ways of using known therapies are safe and effective under controlled environments. Observational trials address health issues in large groups of people or populations in natural settings. ClinicalTrials.gov contains trials sponsored by National Institutes of Health, other federal agencies, and private industry. Studies listed in database are conducted in all 50 States and in 178 countries.

Abbreviations: ClinicalTrials.gov

Synonyms: Clinical Trials Database, ClinicalTrials.gov, Clinicaltrials.gov: A Service Of The National Institutes Of Health, ClinicalTrials, Clinical Trials gov

Resource Type: catalog, clinical trial, data or information resource, data repository, database, service resource, storage service resource

Defining Citation: [PMID:27631620](#)

Keywords: clinical trial, intervention, treatment, therapy, observation, drug, adverse event, result, outcome, data set, FASEB list

Funding: NIH ;
NLM

Availability: Free, Freely available

Resource Name: ClinicalTrials.gov

Resource ID: SCR_002309

Alternate IDs: OMICS_01792, r3d100010211, nif-0000-21091

Alternate URLs: <https://doi.org/10.17616/R3H887>

Record Creation Time: 20220129T080212+0000

Record Last Update: 20260905T132446+0000

Ratings and Alerts

No rating or validation information has been found for ClinicalTrials.gov.

No alerts have been found for ClinicalTrials.gov.
