Proper Citation: Allen Developing Mouse Brain Atlas (RRID:SCR_002990)

Description: Map of gene expression in developing mouse brain revealing gene expression patterns from embryonic through postnatal stages. Provides information about spatial and temporal regulation of gene expression with database. Feature include seven sagittal reference atlases created with a developmental ontology. These anatomic atlases may be viewed alongside in situ hybridization (ISH) data as well as by itself.

Synonyms: Allen Brain Atlas Developing Mouse Brain

Resource Type: expression atlas, reference atlas, atlas, database, data or information resource

Defining Citation: [PMID:22832508](#)

Keywords: gene, expression, developing, mouse, brain, pattern, embryonic, postnatal, stage, data, database, reference, atlas, ontology, anatomy, ISH

Availability: Free, Public
