(RRID:SCR_003483)

Description: At the Department of Pharmacology & Toxicology at Michigan State University, we combine integrative research, active learning and intellectual enrichment to prepare the student for advancement and leadership in their chosen field. The Department provides courses for undergraduate students, graduate students, medical students of the allopathic, osteopathic and veterinary colleges, and nursing students. In addition, specialized courses of study are offered in areas of professional development and life-long learning. From molecular and cellular levels to organ systems and whole animal models, our graduate and undergraduate programs encompass multiple areas of study, empowering students to challenge the boundaries of knowledge and chart their own unique path in the biomedical sciences. The disciplines of pharmacology and toxicology play a momentous role in human health today, and their applications in the professional world are vast. The department offers: * Pharmacology & Toxicology Graduate Doctoral Program * Online MS Programs ** Online Professional Science Masters in Integrative Pharmacology ** Online Masters in Pharmacology * Undergraduate Courses in Pharmacology & Toxicology * Dual Major Graduate Program in Toxicology (joint Pharmacology & Toxicology/Environmental Toxicology graduate program) * NIGMS Integrative and Organ Systems Pharmacology Short Course * Summer Undergraduate Research Fellowships

Abbreviations: Michigan State Pharmacology and Toxicology

Synonyms: Michigan State University Department of Pharmacology and Toxicology, Michigan State University Department of Pharmacology Toxicology, MSU Dept. of Pharmacology and Toxicology
