Proper Citation: Lyonbiopole (RRID:SCR_003733)

Description: A worldwide competitiveness cluster centered on pharmaceutical activities including the fight against human and animal infectious diseases and cancers. Designed as a tool interface and public / private approximation, the division has implemented measures to encourage collaborative R & D, help in setting up projects and find funding, increase strategic and financial partnerships for economic development and international companies, provide access to reception areas, technological shared platforms such as the Infectious Diseases Center Lyonbiopole. It aims to strengthen the competitiveness of the sector health and the attractiveness of the Rhone-Alpes area, mainly on the Lyon-Grenoble axis. (adapted from the translated Wikipedia)
