Proper Citation: Mar Institute of Medical Research Foundation (RRID:SCR_003738)

Description: A private non-profit independent organization that supports and manages research at the Municipal Institute for Medical Research (IMIM) in Barcelona. Its main roles include managing and monitoring research projects and grant requests, promoting quality research, ensuring the observance of ethical principles of professional practice, disseminating the results of research activities, and encouraging specialized teaching and continuous training by and for professionals in the field of Health Sciences. The Foundation is responsible for managing the Institute's resources, and plays an especially relevant role in managing European projects, services abroad and grants for research projects and cooperative research networks from the Carlos III Health Institute. The expertise of the Project Office team covers: project management; financial management; legal assessment; exploitation and intellectual property rights management; knowledge management; validation and assessment; business planning; and training, dissemination and communication strategies design and implementation.
