Description: Sciencewise-ERC is the UK's national center for public dialogue in policy making involving science and technology issues. It provides co-funding and specialist advice and support to Government departments and agencies to develop and commission public dialogue activities in emerging areas of science and technology. It consists of a comprehensive online resource of information, advice and guidance together with a wide range of support services aimed at policy makers and all the different stakeholders involved in science and technology policy making, including the public. Sciencewise-ERC works with central Government and its agencies, and executive, advisory and non-departmental public bodies. Some of the Government departments include the Department for Environment, Food and Rural Affairs (Defra), the Department of Energy and Climate Change (DECC) and most recently HM Treasury.
