Proper Citation: Pivot Park Screening Centre (RRID:SCR_004115)

Description: Commercial organization dedicated to open innovation, providing automated cellular and biochemical in-vitro screening experiments, and ultra-High Throughput Screening (uHTS) services. The Pivot Park facilities include MSD's former screening centre which comprise two unique robotic systems for in-vitro screening. Because the new screening centre was able to retain a significant number of the original screening staff, it offers a wealth of experience in assay development, screening and automation in a new, open setting.
