## SuperHapten Database

RRID:SCR\_005278

Type: Tool

### Proper Citation

SuperHapten Database (RRID:SCR\_005278)

### Resource Information

**URL:** <http://bioinformatics.charite.de/superhapten>

**Proper Citation:** SuperHapten Database (RRID:SCR\_005278)

**Description:** A database of haptens. It compiles 2D/3D structures, physicochemical properties and references for about 7500 haptens and 25,000 synonyms. Commercial availability is documented for about 6300 haptens and 450 related antibodies, enabling experimental approaches on cross-reactivity. The immune system protects organisms from foreign proteins, peptide epitopes and a multitude of chemical compounds. Among these, haptens are small molecules, eliciting an immune response when conjugated with carrier molecules. Known haptens are xenobiotics or natural compounds, which can induce a number of autoimmune diseases like contact dermatitis or asthma. Furthermore, haptens are utilized in the development of biosensors, immunomodulators and new vaccines. Although hapten-induced allergies account for 6-10% of all adverse drug effects, the understanding of the correlation between structural and haptenic properties is rather fragmentary. We have developed a manually curated hapten database, SuperHapten, integrating information from literature and web resources. The current version of the database compiles 2D/3D structures, physicochemical properties and references for about 7500 haptens and 25,000 synonyms. The commercial availability is documented for about 6300 haptens and 450 related antibodies, enabling experimental approaches on cross-reactivity. The haptens are classified regarding their origin: pesticides, herbicides, insecticides, drugs, natural compounds, etc. Queries allow identification of haptens and associated antibodies according to functional class, carrier protein, chemical scaffold, composition or structural similarity. keywords: hapten

**Synonyms:** SuperHapten Database

**Resource Type:** data or information resource, database

**Resource Name:** SuperHapten Database

**Resource ID:** SCR\_005278

**Alternate IDs:** nif-0000-03512

**Record Creation Time:** 20220129T080229+0000

**Record Last Update:** 20260811T043230+0000
