Generated by [RRID](#) on Aug 8, 2026

University of New South Wales; New South Wales; Australia

RRID:SCR_006094

Type: Tool

Proper Citation

University of New South Wales; New South Wales; Australia (RRID:SCR_006094)

Resource Information

URL: <http://www.unsw.edu.au/>

Proper Citation: University of New South Wales; New South Wales; Australia (RRID:SCR_006094)

Abbreviations: UNSW

Synonyms: UNSW

Resource Type: institution, university

Resource Name: University of New South Wales; New South Wales; Australia

Resource ID: SCR_006094

Record Creation Time: 20220129T080234+0000

Record Last Update: 20260808T042614+0000

Ratings and Alerts

No rating or validation information has been found for University of New South Wales; New South Wales; Australia.

No alerts have been found for University of New South Wales; New South Wales; Australia.

Usage and Citation Metrics

We found 57 mentions in open access literature.

Listed below are recent publications. The full list is available at [RRID](#) .

Luk CYM, et al. (2026) Csep1P protein from *Campylobacter concisus* induces a chemokine-dominant inflammatory state in macrophages and enhances proinflammatory response to gut bacteria. *PLoS pathogens*, 22(2), e1013951.

Sang R, et al. (2025) Unlocking the in vivo therapeutic potential of radiation-activated photodynamic therapy for locally advanced rectal cancer with lymph node involvement. *EBioMedicine*, 116, 105724.

Dang R, et al. (2025) Multifocal COntact Lenses for Myopia (MALCOLM) control in Australian children: a study protocol for a double-blind, contralateral eye, non-inferiority, randomised controlled clinical trial. *BMJ open*, 15(4), e086173.

Waseem Q, et al. (2025) A generalized three-tier hybrid model for classifying unseen (IoT devices) in smart home environments. *Scientific reports*, 15(1), 35388.

Horsburgh BA, et al. (2025) Development and verification of a novel tiling PCR method for long-range HIV-1 sequencing in a diagnostic setting. *Scientific reports*, 15(1), 22057.

Embrey JR, et al. (2024) Too hard, too easy, or just right? The effects of context on effort and boredom aversion. *Psychonomic bulletin & review*, 31(6), 2801.

Burke F, et al. (2024) "I'll do it on my own, but I'm never alone"[1 p. 402]: lived experience and practitioner perspectives of autonomy in longstanding and severe eating disorder treatment and recovery-a rapid evidence review. *Journal of eating disorders*, 12(1), 208.

Chen SY, et al. (2024) Beneficial effects of simultaneously targeting calorie intake and calorie efficiency in diet-induced obese mice. *Clinical science (London, England : 1979)*, 138(4), 173.

Chen SY, et al. (2024) Head-to-head comparison of BAM15, semaglutide, rosiglitazone, NEN, and calorie restriction on metabolic physiology in female db/db mice. *Biochimica et biophysica acta. Molecular basis of disease*, 1870(1), 166908.

Parker SM, et al. (2024) Community health navigator-assisted transition of care from hospital to community: protocol for a randomised controlled trial. *BMJ open*, 14(2), e077877.

Amos JG, et al. (2023) MyCOACH (COnnected Advice for Cognitive Health): a digitally delivered multidomain intervention for cognitive decline and risk of dementia in adults with mild cognitive impairment or subjective cognitive decline-study protocol for a randomised controlled trial. *BMJ open*, 13(10), e075015.

Kohlhoff J, et al. (2023) ForWhen Australian perinatal and infant mental health navigation programme: evaluation protocol. *BMJ open*, 13(6), e070067.

Chen SY, et al. (2023) Targeting negative energy balance with calorie restriction and mitochondrial uncoupling in db/db mice. *Molecular metabolism*, 69, 101684.

Mobeen R, et al. (2023) Epithelial Immune Cell Response to Initial Soft Contact Lens Wear in the Human Corneal and Conjunctival Epithelium. *Investigative ophthalmology & visual science*, 64(15), 18.

Holt M, et al. (2023) Knowledge of Australia's My Health Record and factors associated with opting out: Results from a national survey of the Australian general population and communities affected by HIV and sexually transmissible infections. *PLOS digital health*, 2(3), e0000200.

Hawker P, et al. (2023) Effectiveness of lifestyle interventions for improving the physical health of children and adolescents taking antipsychotic medications: protocol for a systematic review and meta-analysis. *BMJ open*, 13(10), e073893.

Hawke T, et al. (2022) Using DNA metabarcoding as a novel approach for analysis of platypus diet. *Scientific reports*, 12(1), 2247.

Guilfoyle C, et al. (2022) Factors predicting rural location employment intent and choice among medical students and graduates. *Korean journal of medical education*, 34(4), 273.

Akera P, et al. (2022) Effectiveness of primary school-based interventions in improving oral health of children in low- and middle-income countries: a systematic review and meta-analysis. *BMC oral health*, 22(1), 264.

Kc D, et al. (2021) Numerical Investigation of Graphene as a Back Surface Field Layer on the Performance of Cadmium Telluride Solar Cell. *Molecules (Basel, Switzerland)*, 26(11).
