Description: CurePSP+ is an organization dedicated to increasing awareness of progressive supranuclear palsy, corticobasal degeneration, and related disorders, advancing research toward a cure, educating health professionals, and providing support, education and hope for persons with PSP, CBD and their families. PSP provides a number of resources, including a research grants/funding program, support for patients and families, educational materials, and PSP-related events. Patient and family support services include an online magazine, a resources guide, an educational center that provides The Guide for Persons with PSP, videos, support group meetings, and outreach and education brochures and conferences. In addition, CurePSP offers ART2CURE, a program of CurePSP (The Society for Progressive Supranuclear Palsy) that helps to generate essential revenue for research, advocacy, outreach, education and operating through the promotion and sale of artwork provided by various artists throughout the country. CurePSP is located in Hunt Valley, Maryland. :NIF thanks the : [Parkinson's Disease Foundation](#) : :for their referral of this resource to us.
